

Sharjah, UAE, 3 February 2024: Pearl Petroleum Company Limited informs the bond holder that on the evening of 2 February 2025 a drone targeted the vicinity of the Khor Mor gas field. There were no injuries to people and no impact on production facilities.

Production operations continued as normal under the comprehensive security measures in place to ensure the safety of all personnel and assets. We remain in close coordination with all relevant authorities and security forces, who are monitoring the situation closely, to ensure continuing safe operations.

Pearl Petroleum and its shareholders remain committed to the safe and reliable operation of the Khor Mor gas facility safeguarding the interest of its stakeholders and the people of KRI and all of Iraq.
